I'm a **UX/UI Designer & Frontend Developer** with a background in print and digital design. I strive for minimal, purposeful and quality designs, and I love to create unique, clean, thoughtful and cohesive mobile-responsive websites which communicate effectively and work seamlessly. When I'm not working, you can find me enjoying coffee, music, gigs, travel or the mountains.

Relevant Experience

Freelance Web & Graphic Designer | Self Employed
October 2016 - Current | Brisbane, AUS & Queenstown, NZ
Developing print, web & digital designs for a diverse client base from concept through to ideation, development and execution. Works primarily include web design & development, branding & marketing collateral.

Lead UX/UI Designer & Frontend Developer | Food Matters International
September 2018 - December 2021 | Mooloolaba, QLD
Designing & improving the usability of various FM sites, developing new websites, and working on large scale campaigns in a close-knit fast paced team with a startup mentality. Worked closely with marketing on launch strategies, mentoring junior graphic designers and streamlining all design assets and marketing collateral, ensuring consistency of brand and styleguide, and developing side projects, including sites for James Colquhoun, Laurentine ten Bosch, Food Matters Institute, FMTV, and Food Matters.com.

Lead Wordpress Web Designer & Developer | Pixel Co Creative
April 2018 - January 2021 | Buderim, QLD
Managed design, development and scaling of all Wordpress websites during this time, and managed hosting & domain setups, implementation of custom builds and coordinated closely with the marketing team on launches, analytics integrations, improving speed and SEO. Additionally worked on some branding and digital designs.

Graphic Designer | Enso Creative
June 2018 - September 2018 | Brisbane, QLD
Small team, designed high-quality, refined informative digital and print marketing collateral for the healthcare and medical industries.

Web & Graphic Design Intern | Marx Design
June 2016 - October 2016 | Mooloolaba, QLD
Small, fast paced collaborative team working on print collateral, branding strategies, developing social media presence and website design & development for small business owners and property developers.
